## Understanding People with Learning Disabilities

### Course Aims

To help you understand more about the issues affecting people with learning disabilities and how people and services can have a negative impact on their lives. The course will examine how services and society affect the lives of people with learning disabilities, and how to make this contribution a positive one.

Delegates will be encouraged to examine their own perceptions and actions as well as how their organisation works. Delegates will have an opportunity to look at some practical tools they can use to involve and understand the real needs of those that they work with.

### Issues covered include:

- What a learning disability is
- What can cause a learning disability
- how staff contribute to isolation
- how people can be fully involved in their community with support
- the difference between what is “important to” and “important for” someone

### Designed for

Anyone playing a support or caring role for someone with learning disabilities.

### Trainer

Tracy Drew
